PROJECT 03 / INDESIGN PROJECT BOOKLET

PROJECT DESCRIPTION

In this project, we will explore the capabilities of Adobe In-
Design. It is impossible to explore everything InDesign has to
offer in a single project, much like many of the other proj-
ects we explore in this class, but we will do our best to take
an expansive yet focused approach.

We will be focusing on the basics of InDesign, type format-
ting,layout, image placement, etc, in order to create a book-
let that documents (y)our projects in this course.

This project runs until the last day of class, November 29th,
as we will explore 1-2 mini-projects along the way that will
need to be included in the booklet.

We will be printing these booklets in the Digital Media Center
(I will cover the cost of printing). Once the prints are com-
pleted, they will be handed back to you in order to finish the
project by designing, printing, and attaching a custom cover
for your booklet (you will each pay for cover material and
printing). We will discuss cover design processes at a later
date (the cover design will be an extension of a mini-proj-
ect).

The turning in of this completed booklet, designed, printed,
and with the cover attached, will function as your final exam.

FILE REQUIREMENTS

ADOBE INDESIGN

BOOKLET PAGES:
DOCUMENT PAGE SIZES: 5.5" x 8.5"
COLOR MODE: CMYK (DEFAULT)
FACING PAGES: ON
PAGE COUNT: CASE X CASE, MUST BE A MULTIPLE OF 4
BINDING: SADDLE STITCH BINDING

BOOKLET COVER:
(SEPARATE DOCUMENT, SINGLE PAGE)
DOCUMENT PAGE SIZE: 11" X 8.5"

DESIGN REQUIREMENTS

TABLE OF CONTENTS (IN NO PARTICULAR ORDER):

MINI-PROJECT 01 / WAVE YOUR FLAG
PROJECT 01 / BUILD A BUG
PROJECT 02 / FRAME X FRAME
MINI-PROJECT 02 / BREAK THE RULES / COVER DESIGN
MINI-PROJECT 03 / GIF(T)!
PROJECT 03 / INDESIGN DOCUMENTATION

EACH PROJECT WILL BE DOCUMENTED AS FOLLOWS:

PROJECT DESCRIPTION (FROM BRIEF)
INDIVIDUAL CONCEPT (FROM YOUR PERSPECTIVE)
DIGITAL METHODS USED
DETAIL IMAGES
ADDITIONAL IMAGES OR MATERIAL (IF NEEDED)
FINAL OUTPUTS
*WE WILL DISCUSS EACH PROJECT CASE X CASE
